EDUCATION

Shanghai Jiao Tong University, Shanghai, China Sep 2022 - Present

B.A. in Economics (expected 2027); B.S. in Mathematics (Second Major, expected 2027)

GPA: 4.11/4.30 | Score: 94.72/100 | Rank: 1/37

Transferred from Industrial Engineering in 2023

GPA: 3.88/4.30 | Score: 89.99/100 | Rank: 1/60

Selected Mathematics & Computer Science Coursework: Functional Analysis, Real Analysis, Basic Topology, Abstract Algebra, Representation Theory, Algorithm Design and Analysis

Selected Economics Coursework: Advanced Microeconomics I (PhD), Advanced Macroeconomics I (PhD), Game Theory, Optimization Methods in Economics

Additional Coursework (Audited): Algebraic Combinatorics (PhD), Integer Programming & Combinatorial Optimization (PhD)

RESEARCH INTERESTS

Non-convex Optimization (Integer Programming & Combinatorial Optimization), Computational Economics

RESEARCH EXPERIENCE

New Characterization and Compact Formulation for Houtman-Maks Index Aug 2025 - Present

Shanghai Jiao Tong University | Advisor: Taotao He (Department of Management Science) *Shanghai, China*

- Conducted an in-depth review of Revealed Preference Theory, comparing various mathematical approaches and proof methodologies for Afriat's Theorem;
- Provided a compact MIP formulation for the Houtman-Maks Index with tools in algebraic combinatorics;
- Provided a combinatorial version of Afriat's inequalities and a new proof of Afriat's Theorem;
- Extended the formulation to non-linear budget sets and general subset feedback vertex set problem.

Spillover Effect of Short-Selling and SEC Comment Letters on Analyst Behavior Jun 2024 - Jul 2025

Shanghai Jiao Tong University | Advisor: Hui Ding (Department of Accounting) *Shanghai, China*

- Built and maintained financial datasets using CRSP, Compustat, and I/B/E/S via the WRDS;
- Performed large-scale data processing and variable construction in SAS and WRDS SAS Studio.

AWARDS AND ACTIVITIES

National Scholarship 2025

SEIEE Alumni Scholarship 2024

Second Prize, Shanghai Division, Contemporary Undergraduate Mathematical Contest in Modeling 2024

Microeconomics Theory Reading Group 2025, 2026

SJTU Summer mini course of Microeconomics in Decision Theory 2025

Intermediate Microeconomics: Problem Solving Session - Lecturer 2025

SKILLS

Languages: English (TOEFL:113, R30 L29 S26 W28; GRE: V161, Q170, AW3.5), Chinese (Native)

Programming & Software Skills: Python, C++, MATLAB, $\LaTeX$, SAS, Stata

Hobbies: Art Exhibition(Modern Art), Table Tennis, Tennis, Formula 1 Racing
